**Flamingo Class**

Assistant: Ms. Charito

This week we have been learning the phonic sound 'k', the colour purple, shape diamond and number 6. The flamingos have enjoyed role playing pretending to be dentists and doctors, checking all of their friends to make sure they are fit and healthy. The flamingos have also been building towers of 6, making diamonds out of purple play dough and learning about the butterfly cycle and the growth of a flower.

### Duckling Class

Assistant: Ms. Edita

For our literacy this week, the children learned the letter "k". They painted the letter k with a purple color, which is our color of the week.

They also continued practicing to learn our previous colors. They enjoyed playing a matching color puzzle by sticking every colored puzzle piece to the matching color word.

For our gross motor skills, the children enjoyed playing an outdoor fun game. They learned how to take turns in running towards two buckets and throwing the ball in their hand in the bucket with the matching colored ball (blue vs pink). For our health and growth topic, the children learned that fruits and vegetables provide us with the vitamins and minerals that make our bodies stronger and healthier. They also practiced how to wash and scrub them well in a bowl of water before we eat them in order to kill any germs.

## NEWS AND INFORMATION FOR PARENTS

### **HOW TO KEEP YOUR KIDS HEALTHY?**

The best way to keep your kids healthy is to make sure they wash their hands. Teach them how and when to wash their hands and to keep their fingers away from their eyes, nose and mouth, and how to cover coughs and sneezes using their elbows.
